## FASHIONS in FLOORS

# KENTILE SOLID VINYL TILE

... The selection for the most discriminating home owners who seek the look and feel of luxury at a moderate price.

Tough, greaseproof, long-wearing, easy to maintain ... Kentile Solid Vinyl Tiles are manufactured from polyvinylchloride resins. Made to withstand pressures of up to 250 pounds per square inch, they eliminate practi-

cally all indentation problems.

The PVC resins in solid vinyl tile provide a very dense, non-porous material, noted for whiter whites and clear, brilliant and rich looking colors. An elegant group of tiles that lends itself supremely well to a truly custom floor.

## TERRESQUE

All the traditional warmth and texture of an ageless clay tile floor — with none of the bother and at a fraction of the cost. Terresque offers all the enchantment and kiln-formed coloring of natural clay in long-wearing, easy cleaning vinyl tile. A tile floor that's extremely quiet and comfortable underfoot. And its tough, non-porous surface defies grease and stains. The heavy gauge helps achieve the unique "pillowing" surface of handcrafted tile.

Each color comes in a subtle range of four shades. An assortment of the four shades is packed in each carton.

## COLONIAL BRICK

### Indoor/Outdoor Tile

All the bold, rugged beauty of kiln-fired brick — in carefree vinyl tile. It has a feel and texture as close to natural brick as you can get. Because each of these 9" x 9" tiles is installed separately, feel free to accent your floor with a second Colonial Brick color. Colonial Brick can be used outdoors with the recommended Kentile adhesive which makes this tile as perfect for patios as it is for kitchens, dining rooms, dens — any room in your home!

Edge Brick pattern shows 3 bricks per tile, as if bricks were set on edge. Flat Brick shows 2 bricks per tile, as if set flat. Single edge and flat brick tiles also available.

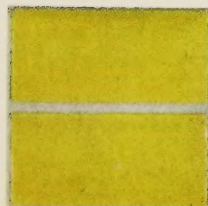

SIZES: 9" x 9" in 1/8" thickness (tiles)

3" x 9" in 1/8" thickness (single edge brick)

## VINYL FLOOR CLEANER NO. 41

A mild, liquid soap, combined with a new wetting agent, Kentile Vinyl Floor Cleaner is a real work-saver that does a thorough cleaning job on your floors. In fact, it's so effective that for most floors you use only 1 part with 10 of water so that a can of this cleaner goes a long way and saves you money, too. It rinses quickly and leaves your floor sparkling clean and ready for waxing.

## ACRYLIC FLOOR FINISH

A Kentile Acrylic Floor Finish shine holds up even in heavy traffic areas. Its exceptionally hard, self polishing finish is slip resistant, detergent and scuff resistant. Another benefit of Kentile Acrylic Floor Finish is its ability to avoid build up even in corners . . . and because it stays beautifully clear it will not yellow, leaving your floor as bright as the day it was first put down.
